VETCEE is a European-wide Accreditation Scheme for post-graduate modular programmes for veterinarians

<p>First programmes were accredited in 2013.</p> <p>Their graduates share today their experience.</p>	<p>BSAVA postgraduate programme  </p> <ul style="list-style-type: none">✓ truly fantastic experience that has developed my skills professionally, and opened up the opportunities to improve my patient care and job satisfaction.✓ Generally very well organised and all the practical days in particular were excellent. I know it is difficult, but more practical sessions always help.✓ I would recommend it to anyone who wants to complete a certificate while still working in a busy small animal practice.
	<p> </p> <ul style="list-style-type: none">✓ I have acquired thorough understanding of certain subjects which I have been capable of using in my everyday life.✓ I have been given the opportunity to update myself in a relatively easy and manageable way.✓ It is not just knowledge and skills but also how you do a better job, it is to improve the diagnostic process, to prevent you from making mistakes and jump to conclusions
