Identification, availability and impact of veterinary MH & DEI support programmes on a global scale

Recruitment strategy:

E-mail from FVE & WVA to the their members

July 20th – September 25th

Material & Methods:

Online English survey - 10 questions

Focus on availability and effects of MH & DEI support programmes globally available

Results Survey

- 146 responses of which 137 met the inclusion criteria
- Responses received from
 - Associations/companies
 - Practitioners/vet clinics
- No results from the Middle-East

RESPONSE RATE FVE SURVEY

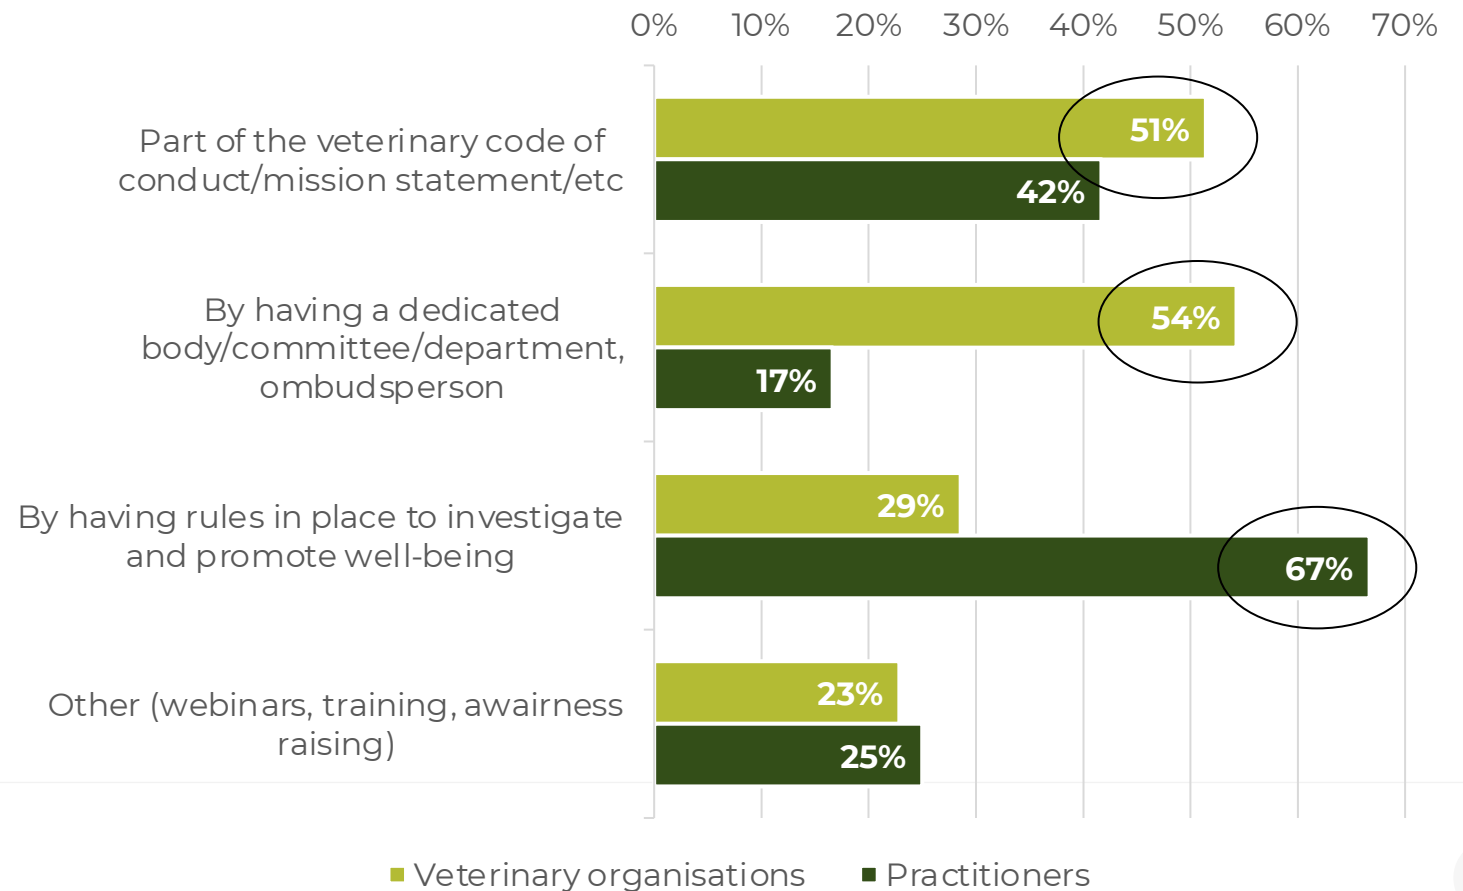

Results MH Veterinary associations and practitioners

*Is mental well-being explicitly designated as a **key priority area** with a dedicated budget in your organisation/company?*

Veterinary organisations: 54% yes/partially (n=43/79)
Practitioners: 26% yes/partially (n=15/57)

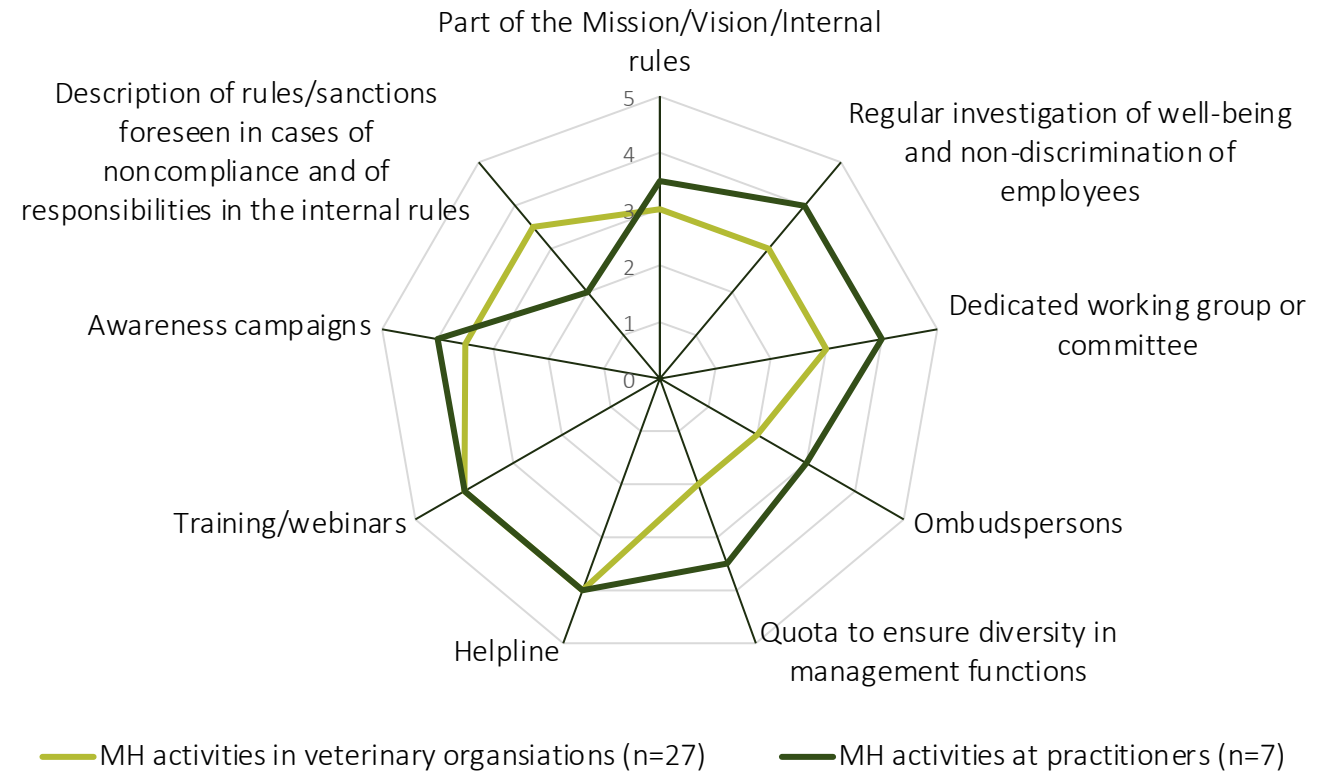

Results MH Veterinary associations and practitioners

*If you have projects or activities, what do you think was **the impact of the activities** taken by your organisation/company regarding mental wellbeing?*

Perceived MH impact of different activities
- practitioners and veterinary organisations -

Second step: Interviews

- 12 virtual interviews with representatives of veterinary associations/organisations on a global scale, between 1st of October and 20th of November 2021
- Questions: more specifically on the design of the support programmes and the effects and impact on MH and/or DEI on national level
- Preliminary results:
 - Main goal most mental health support programmes: creating awareness & break down stigma
 - Support programmes mostly effective in creating awareness
 - Rating of the impact of support programmes difficult: often no impact-studies done and/or support programmes still in its infancy

Next steps
